

ENG

COMPACT

- 3D printer for dental working models
- 1 model/10 min/2€
- Suitable for single or two chair clinics

....

Starting price:
5 000€

*optional additional equipment

* the ability to create a personalized table dimensions and customized resolution

Technical characteristics:

- Printer dimensions: x=442 mm, y=386 mm, z=850 mm
- xyz resolution= 50 µm/px
- table dimensions=192 mm x 108 mm
- printing speed= 1 mm/1 min
- device for material auto leveling = patented
- material price = 95€ / 1L

Optional extra equipment:

- auto model ejection
- specified resolution setup

1/1/1 

- 3D printer for manufacturers of orthodontic invisible aligners
- 1 model / 1 min / 1€
- Suitable for advanced users

....

Starting price:
15 000€

•optional additional equipment

• the ability to create a personalized table dimensions and customized resolution

*absolute guarantee – backup 3D printer included

Technical characteristics:

- Printer dimensions: x=540 mm, y=458 mm, z=1020 mm
- xyz resolution= 85 µm/px
- table dimensions=326 mm x 183 mm

- printing speed= 1 mm/1 min
- device for material auto leveling = patented
- material price = 95€ / 1L
- printing 12 aligners per table

Optional extra equipment:

- auto model ejection
- specified resolution setup
- absolute guarantee – backup 3D printer included

1/1/1 AUTO

- 3D printer for large manufacturers of orthodontic invisible aligners
- Suitable for advanced users

...

<p>Starting price: 25 000 €</p>

- optional additional equipment
- the ability to create a personalized table dimensions and customized resolution
- *absolute guarantee – backup 3D printer included

Technical characteristics:

- Printer dimensions: x=540 mm, y=458 mm, z=1020 mm
- xyz resolution= 85 µm/px
- table dimensions=326 mm x 183 mm
- printing speed= 1 mm/1 min
- device for material auto leveling = patented
- material price = 95€ / 1L
- printing 60 models per hour, autonomously
- auto model positioning and plate generation
- auto model ejection
- autonomous 3D print

Optional extra equipment:

- absolute guarantee – backup 3D printer included
